Notes:

- Charges for port services are quoted in EURO (EUR) and these do not include VAT. VAT will be charged in addition, in accordance with the applicable Law on Value Added Tax and the Rules for Enforcement of the Law on VAT.
- Electric power supply and fresh water supply charge are formed with a fee of a maintenance of engineering infrastructure + charge of a licensed service provider.
- This tariff regulates the relations between “Bulport Logistics” AD and service clients on the basis of a concluded contract and a written request. Any services without availability of a contract are not allowed;
- Any services not mentioned in this tariff will be charged by agreement.
- Tariff and Services have been adopted by a resolution of the Board of Directors of Bulport Logistics AD dated 29.11.2019 and shall enter into force on 01.12.2019.
- Bulport Logistics AD Contact details : Tel.: +359 52 612 561; E-mail: port@bplogistics.bg
- For each visit to the Port, vessels pay a fee in euros, for waste management (Port’s equipment/facilities for collection of ship wastes), differentiated by type of vessels, the amount of the fee is incorporated in the visit fee - according to the type and size of the vessel.

Affirmation:

Radostin Kostadinov
Executive Director
Bulport Logistics AD

For waste that exceeds the specified quantities, as well as for those that are not covered by the indirect payment system, it is paid directly to a licensed operator, at the expense of the vessel. The fee is an indirect payment of the price of the waste management, allowing the maximum amount for waste transfer, as follows:

- Annex I - oil and oily water – 0,5 m³
- Annex V - garbage from ships– 5 bags *

* One bag is equal - 0,0625 m³ (5 bags – 0,31 m³)

Affirmation:

Radostin Kostadinov
Executive Director
Bulport Logistics AD
