NOTES:

1. **Prices for port services are in Euro (EUR) and do not include VAT.** Payments are made in BGN at the BNB fixing rate. When issuing an invoice, "BULPORT LOGISTICS" AD shall charge VAT in accordance with the provisions of the VAT Act in force and the regulations for its application.

2. In the event of economic advantage, the Executive Director may negotiate preferential prices in addition to those specified in this tariff. Preferential contract prices and/or tariff discounts apply on a case-by-case basis, cannot be combined with other discounts and are not transferable to a subsequent period and/or other type of service. Prices per period (e.g. one month, six months, other) are payable for the period commenced and no refunds will be made in the event of early termination of the relevant service. For vessels exceeding 4 meters in width, the prices in Tables 1 and 2 shall be increased by 50%, as decided by the Executive Director on a case-by-case basis. Interpretations of the application of this tariff shall be made by the Executive Director and shall be binding on all customers using port's or related services. In order to avoid any misunderstandings, changes requested by the customer should be discussed in advance and in a timely manner with the Port Management.

3. The client has the right to move his boat, which is moored in the water area of the Port, at his own expense on land, if possible in a free place indicated by the Port Management. Prepayments are non-refundable. In the event of transfer from land to water (subject to space availability), the customer shall pay a surcharge in accordance with the Port tariff in force at the time. The parties shall draw up a handover protocol for the transfer.

4. The price for using power and water supply is made up of the sum of the service charge - maintenance of the connecting technical infrastructure of "BULPORT LOGISTICS" AD and the official price of the respective supplier for business customers.

5. This tariff regulates the relations of "BULPORT LOGISTICS" AD with the users of Port and other related services within the territory of the company.

6. For all services not mentioned in this tariff, the price of the service shall be additionally agreed with the Port.

7. To contact Port "BULPORT LOGISTICS": phone: +359 52 612 561; e-mail: port@bportlogistics.bg

8. For each visit to the Port, vessels pay a fee in euros for waste management - the result of shipping activity, differentiated by type of ship, as the amount of the fee is included in the visit fee - according to the type and size of the ship. The fee is an indirect payment for the cost of services for the provision of reception facilities for the reception and storage of waste resulting from vessels operating activities, allowing a maximum quantity for the transfer of waste under Annex V (Municipal Solid Waste) - up to one bag of 0.0625 m3, per customer, per visit. Waste in excess of the specified quantities, as well as waste not covered by the indirect payment system, shall be paid directly to the port waste operator - PCHMV AD, according to the operator's tariff, available at: <http://pchmv.bg.com/en/home>

9. The Management of the Port "BULPORT LOGISTICS", reserves the right to revise and update the port fees, which it will inform its clients of by publishing the Tariff at: www.bportlogistics.bg.

10. The Tariff of services was approved at the meeting of the Board of Directors of "BULPORT LOGISTICS" AD on 10.08.2023 and **comes into force on 01.09.2023.**
